ELITE LAC SOW MILLPACK

The Elite Pig Lac Sow millpack is a high quality bag a batch product providing a blend of essential amino acids, macro minerals, phytase enzyme, organic minerals and the Elite Pig Breeder mineral/vitamin premix. This pack contains products which assist in promoting elite performance levels, lactation output and also supports the sow and litter in times of stress and disease challenges. All National Feed Solution millpacks are manufactured using high quality products to maximize long term stability and potency. The standard packs offer flexibility and logistical benefits for the small to medium size farming operation.

DIRECTIONS:

In the lactation feed phase thoroughly mix one millpack bag of Elite Pig Lac Sow to each 1000kg of mixed feed.

Additional Rate: 14kg per tonne
Target Age: Lactation
