ELITE RAM + PERFORMANCE LICK

Elite Ram + Performance Lick is a loose mix formulated to support ram performance in periods of high performance such as shows, pre-sale and pre, during and post mating. This weather resistant lick is balanced in vitamins and minerals with added ingredients to support wool quality, rumen health and stress. The **Elite Ram + Performance Lick** contains Micro Basics Achieve, consisting of yeast, bacteria and phytogetic compounds, targeted to support immune responses and gut health. In combination with Sangrovit Extra®, the Elite Ram + Performance Lick is excellent;

- During shows as a pre and post transport supplement and during housing.
- Pre, during and post mating to reduce the energy demand by the immune system by reducing inflammation caused by physical stress.
- Pre and during inspections and sales.
- Post shearing for wool growth support.

Elite Ram + Performance Lick:

- Provides a source of macro minerals, including calcium, phosphorus, magnesium.
- Includes Sangrovit®, a plant derived anti-inflammatory, maintaining rumen health and productivity through periods of stress.
- Is a source of sulphur and sulphur containing amino acids for wool growth and overall productivity.
- Provides vitamins and trace minerals for complete vitamin and mineral profile.
- Includes biotin for hoof health and immune support.

Elite Ram + Performance Lick should be offered to rams on ad-lib and is suitable for extensive grazing or intensive housing situations and can be provided all year round or as an alternative to the Elite Ram Lick during times of high performance. While this lick is water and weather resistant, it should be offered in containers with suitable drainage if exposed to rain. Average intakes will be 20 to 30 grams per head per day. Initial intakes may be higher when first offered as animal requirements may be higher. Intakes should reduce as vitamin and mineral concentrations regulate.

Withholding Period(s):

Nil (0 days)

This product contains Lasalocid Sodium (Bovatec®). Do not allow dogs, horses or other equines access to Elite Ram Lick or feeds containing Elite Ram Lick as ingestion of this product may be fatal. **DO NOT FEED** to animals of which milk products may be used for human consumption.

Typical Analysis (per Kg, As-Fed Basis)

VIT A	IU	360,000
VIT B1	mg	240
VIT D	IU	60,000
VIT E	mg	900
Crude Protein	%	4.5%
Acid Buf	%	10.0%
Max Added Salt	%	20.0%
Calcium	%	10.0%
Phosphorus	%	3.00%
