# ELITE SHEEP GREEN FEED LICK WITH RUMIBOOST

**Elite Sheep Green Feed Lick with Rumiboost** is a weather-resistant loose lick supplement, balanced in vitamins and minerals, specifically formulated to manage mineral imbalances that often occur and to support the health and performance of growing lambs, ewes, and rams when grazing on lush, green pastures.

**Elite Sheep Green Feed Lick with Rumiboost** contains higher levels of Vitamin E, Organic Selenium, Chromium, and Zinc, compared to Elite Sheep Green Feed Lick, as well as live yeast, bacteria and phytogetic compounds to support rumen function and animal health in times of stress including:

- Induction into containment feeding & feedlots;
- Prior to transport;
- During periods of heat & cold stress;
- It is also ideally suited for lambing ewes to help support feed intake and manage excess body condition

**Elite Sheep Green Feed Lick with Rumiboost contains protein meals to promote animal performance when grazing pastures and other high quality forages.** It is designed to maximise feed conversion and profitability by supporting rumen, gut and immune health along with maintaining hydration during stressful times.

### Elite Sheep Green Feed Lick with Rumiboost:

- Is a source of macro minerals including calcium, phosphorus, magnesium, sulfur and sodium;
- Is a source of vitamins, including A, D, E & B1 and trace minerals including zinc, manganese, cobalt, selenium, iodine to support animal health. No copper is added to Elite Sheep Green Feed Lick with Rumiboost;
- Should be offered on an ad-lib basis,

**Elite Sheep Green Feed Lick with Rumiboost** should be offered to animals on an ad-lib basis. Offer in containers with suitable drainage to prevent water retention. Average intakes will be 20 to 30 grams/head/day – initial intakes may be higher before reducing to the desired rate after 10 to 14 days. If intakes remain high, please speak with your NFS Nutritional Consultant.

Livestock should be introduced to **Elite Sheep Green Feed Lick with Rumiboost** gradually. If only low quality forages are available offer **Elite Sheep Dry Feed Lick** for better results. **Elite Sheep Green Feed Lick with Rumiboost** is NOT a complete feed - DO NOT offer if forage and fibre availability is limiting. Speak with your NFS Nutrition Consultant for additional information.

### Typical Analysis (per Kg, As-Fed Basis)

|                |    |         |           |    |      |
|----------------|----|---------|-----------|----|------|
| VIT A          | IU | 300,000 | Sulfur    | %  | 0.8% |
| VIT B1         | mg | 200     | Cobalt    | mg | 25   |
| VIT D          | IU | 50,000  | Iodine    | mg | 25   |
| VIT E          | mg | 6,000   | Manganese | mg | 2000 |
| Crude Protein  | %  | 2.7%    | Selenium  | mg | 20   |
| Max Added Urea | %  | Nil%    | Zinc      | mg | 4500 |
| Max Added Salt | %  | 12.5%   |           |    |      |
| Crude Fibre    | %  | 8.5%    |           |    |      |
| Calcium        | %  | 3.3%    |           |    |      |
| Phosphorus     | %  | 4.0%    |           |    |      |
| Magnesium      | %  | 12.5%   |           |    |      |
