# ELITE PIG STARTER 510

**Elite Pig Starter 510** has been formulated by the highly regarded nutritional team at ACE Livestock Consulting, using specific and required ingredients, to promote good gut health, allowing the pig to express its full genetic potential.

The diet is designed to follow from either the **Elite Grunt 1000** or **Elite Super Starter 2000**. Its recommended to be fed to pigs from either five weeks of age or 10kg live weight. After two weeks on the feed, pigs will switch to the next dietary level - **Elite Weaner 714**.

**Elite Pig Starter 510** contains a quality vitamin premix; cooked cereals and milk powders to improve feed intake; high levels of amino acids to aid tissue growth; nucleotides to aid gut development and optimise nutrient intake; an acidifier controlling both gram negative and positive pathogenic bacteria; a MOS and beta glucan to assist with increasing immunity levels.

The product is presented as a crumble and is available in 25kg bags and 1 tonne bulk bags.

Contact the nutritional team for customised support for your individual feeding program.

## SPECIFICATIONS
