# ELITE PREMIUM PIG BREEDER PREMIX

Elite Premium Pig Breeder premix is a high quality product providing a balanced formulation of trace minerals and vitamins for breeding animals. This product has enhanced mineral absorption under peak production demands due to the addition of organic minerals. Other features include elevated B group vitamins and the use of natural vitamin E which is more bioavailable than the synthetic form. This premix contains products which assist in promoting elite reproductive performance levels and longevity, support the pig in times of stress and disease challenges. All National Feed Solutions premixes are manufactured using high quality products to maximise long term stability and potency

## DIRECTIONS:

In breeding pig diets thoroughly mix 2.5 kg of Elite Premium Pig Breeder premix to each 1000kg of mixed feed. To maximise dispersion in the mix, it is recommended to pre-blend the premix addition with 5.0 kg of a cereal carrier before adding to the mixer.

## NUTRITIONAL ANALYSIS

When used as directed this premix will supply

**Additional Rate:** 2.5 kg per tonne **Target Age:** All age breeders inc boars

**Pack Size:** 20kg
