ELITE LAYER PREMIX

Elite Layer premix has been formulated to support the mineral and vitamin requirements for the modern laying hen.

This premix contains products which assist in promoting elite performance levels and supports the bird in times of stress and disease challenges. All National Feed Solutions premixes are manufactured using high quality products to maximize long term stability and potency

DIRECTIONS:

In Layer diets thoroughly mix 1.0kg of Elite Layer premix to each 1000kg of mixed feed. To maximize dispersion in the mix, it is recommended to pre-blend the premix addition with 5.0kg of a cereal carrier before adding to the mixer.

ADDITION RATE: 1.0- 1.5 KG PER TONNE - SEE TABLE BELOW

TARGET AGE: MULTIPLE SPECIES AND AGES – SEE TABLE BELOW

PACK SIZE: 20 kg

NUTRITIONAL ANALYSIS:

When used as directed this premix will supply

VIT A	MIU	10	COPPER	GM	6
